HIGH COURT GIVES GIRARD TO JAPAN

\$25,000 Falls Fire Quelled

Judges Find No Barriers Against Pact

WASHINGTON (UP) — The Supreme Court ruled today that the U.S. has a right to deliver GI William S. Girard to Japan for trial.

Good Evening!

Rare days in July. Weather perfectly lovely and if we could mix it up with an hour of showering every other day we'd buy it for the rest of the summer.

Scout Jamboree at Valley Forge really something.

By nightfall nearly 53,000 boys from the entire western hemisphere having the time of their lives at one of the greatest encampments of its kind in history and "George Washington himself would have been proud of 'em.

Pressure rising for official action for fencing off Levittown gravel pits, and like we've said before and say again on Page 6, here's a matter demanding some prompt consideration and attention.

Levittown's children must have every possible protection from these man-made perils that should have received attention long, long ago.

And the historic Delaware Canal to be maintained by the state department of forests and waters after all, in spite of Secretary Goddard's dire warnings and predictions.

We figured that one from the first. You wonder what kind of pips some of these Harrisburg characters smoke, anyhow, when they begin tossing their weight around.

We'd like to see these Philadelphia characters clobber the Cubs twice in a row at that twilight twin-bill at the stadium tonight.

Just don't be selling these Phillies short. Right now they're only four points out of second place.

He was a bit shy and when she threw her arms around him and kissed him for bringing her a bouquet of roses he arose and started to leave.

"I'm sorry I offended you," she said.

"Oh, I'm not offended," he said. "I'm going for more roses."

It's too late — the five cent cigar is back and it isn't the same country.

If you drive, be careful.

Volunteer firemen battle the roaring flames swallowing the International Salvage Company in Falls Township. The fire blazed for more than an hour last night and it took close to 200 firemen from seven companies more than five hours to clear the smoke and drown the blaze. (Courier and Times Photo)

Khrushchev Accuses Ike Of H-Bomb 'Stupidities'

PRAGUE (UP)—Soviet Communist Party Chief Nikita Khrushchev attacked President Eisenhower today for speaking "stupidities" about a "clean" H-bomb.

How can there be clean bombs for dirty things?" he asked.

Khrushchev also hinted that he will meet again soon with Yugoslav President Tito, one of the leaders of the policy of "independent socialism" free from Moscow control.

The burly Khrushchev, in an

Malenkov Friends Exiled

LONDON (UP) — A Communist correspondent in Moscow reported today that Georgi Malenkov's accomplices will join him in virtual exile — Vyacheslav Molotov as a foreign ministry "political expert" and Lazar Kaganovich as a factory manager.

Molotov would get a menial job waiting on his own student and former deputy, Foreign Minister Andrei Gromyko, according to the authoritative report published in the Danish Communist Party organ "Land Og Volk."

Earlier, London observers said Malenkov's exile to head a remote power station about 2,000 miles from Moscow had saved him and the rest of the group which had opposed Soviet Communist Party Chief Nikita Khrushchev from a firing squad.

KHRUSHCHEV

off-the-cuff speech at the "Stalin-grad" metal works here during the current visit to Czechoslovakia by him and Soviet Premier Nikolai Bulganin, also promised the Soviet bloc outside Russia that "we won't criticize you if you don't criticize us."

On the H-bomb, he was critical of President Eisenhower's statement last week that American scientists hope to perfect an H-bomb free from radioactive fallout dangers.

"Eisenhower is a man of principle and integrity but look what stupidities he says when he speaks of a clean hydrogen bomb," Khrushchev said. "How can there

Morrisville Driver Dies In Philly Crash

Earl Taylor's six children will wait in vain for their daddy to come home from work today.

The Morrisville man, of 612 Dorset Drive, in Grandview Estates, was killed yesterday afternoon when his truck bashed into a concrete siding, snapped a pole and exploded into flames.

Cheltenham Township Police Chief Clarence Johnston said Taylor was driving a newspaper truck along Ogontz Ave. when he attempted to pass a slow moving car.

The truck banged into a concrete walk along trolley tracks on the street, veered into the pole, and swerved into the right bank of the Cedarbrook Country Club.

Police said the car then flipped over pinning the driver between the door and the ground.

The newspaper truck shot into flames as rescuers were unable to get close enough to attempt to get the driver out of the vehicle.

Taylor was pronounced dead on the scene by a local doctor. He suffered burns and multiple head and internal injuries.

The Morrisville man was employed a newspaper delivery driver for the Philadelphia Evening Bulletin for about a year.

Survivors include his wife and sons, Jimmy, 10, Joe, 6, Allan, 5, and Richard, 3, and daughters, Pamela, 9, and Carol, 1.

Aga Khan's Death Ends Fabulous Era

VERSIOX, Switzerland (UP)—The Aga Khan, one of the world's richest men, spiritual leader of 10 million Ismailia Moslems and ex-father-in-law of American actress Rita Hayworth, died today of a heart attack at the age of 79.

The end came at his villa on the shores of Lake Geneva where he tried to escape a heat wave that has sent deaths soaring into the hundreds in Europe.

The heat finally broke this morning. But it was too late to spare the weakened heart of the man who was an aristocratic playboy to the West and a virtual god, revered by millions, to the East.

He passed away quietly, with his beautiful French wife and his two sons at his side.

Mystery Successor

Five doctors who treated the Aga Khan throughout the night reported death was due to "failure of the heart."

To the end, he kept it a mystery as to who will succeed him—playboy Prince Aly Khan, 41, or Prince Sadruddin, 24.

The right of succession was up to the Aga Khan to decide, and (Continued on Page 3, Col. 8)

Home Mishap Injures Levittown Woman

Mrs. Mary MacFarland, 25, of 12 Neptune Lane, Levittown, was admitted to the Lower Bucks County Hospital, last night, after she suffered a fractured right arm in a house accident. She injured her arm when it was struck by a falling oven door.

Flames Shoot Hundreds Of Feet In Air

By MAURY ALLEN  
Courier and Times Staff Writer

Fire officials checked the charred ruins of a foam rubber company plant today for a clue to the cause of the \$25,000 blaze which demolished the Falls Township plant late last night.

With a crackling sound, the blaze exploded in the plant on Old Route 13 and Lewis Ave., shortly after 10 p.m.

Nearly 200 firemen from seven volunteer fire companies under the direction of Morrisville's Capitol View Fire Company battled the roaring flames more than five hours.

Chief Roland Gorton said the building, owned by the International Salvage Company, was a complete loss.

Robert Jones, chief of Falls Township Fire Company, fixed the estimate of damage.

Kept Erupting

The blaze roared uncontrolled for several minutes through the moon-lit sky shooting flames hundreds of feet into the air.

The flaming glow was seen for miles around being spotted in Trenton by several volunteer firemen who hustled back to fight the flaming fury.

Fire fighters were often hampered for several minutes when the water supply ran dry.

Teams of firemen constantly were on the move bringing water from nearby points to fight the blaze.

Officer William Kershaw, Falls Township police, investigating the blaze, said sections of the 100-foot long, one-story building kept erupting through the night.

The fire started in a section where foam rubber bales were stored and quickly ripped through the wood and cinder block structure.

Miss Mary Richie, Lewis Ave., (Continued on Page 3, Col. 6)

WEATHER

Sunny with pleasant temperatures today highest 78 to 83. Fair and cool tonight with lows of 58 to 64. Tomorrow mostly sunny and a little warmer.

Sirens Will Clear Streets Of People

County and Local civil defense workers will swing into action sometime tomorrow morning when wailing sirens signify the final phase of the nationwide "Operation Alert, 1957."

An alert signal will sound sometime tomorrow morning and local CD units will start mobilizing and preparing for the "take cover" blast which will come about two hours later.

No public participation will be required at the first signal, which will be a three-minute steady blast. But when the "take cover" signal is sounded every one will be required to get off the streets. This is a three-minute pulsating siren. Motorists will be required to pull to the side of the road

The family of six-year-old Joan Geonnotti, one of the three children who drowned in a gravel pit, gets together after the tragedy. The father, Samuel, Jr., (left) want fences erected around the quarry to prevent future accidents. Next to the father is eight-year-old Samuel, III, who was with the three children when they drowned. Mrs. Lillian Geonnotti, the mother, holds a daughter, Donna, three years. (Courier and Times Photo)

Thornridge Group To Push Demand At Mass Meeting

Public pressure continues to mount to require fencing of quarries and gravel pits in Falls Township as a result of a triple drowning, which took the lives of three Levittown children Tuesday.

Samuel V. Geonnotti, Jr., 31, of 104 Thornridge Drive, father of one of the dead children, appealed to authorities to "do something to prevent this from happening to others."

Meanwhile, his Thornridge neighbors reactivated an emergency committee which three years ago fought to have the quarries fenced.

Louis Nemetz, 112 Timber Lane, co-chairman of the group, said a mass meeting will be held at the Manor school, next Wednesday.

Previous to this, Nemetz said, the Township Board of Supervisors will probably hold a special public meeting to discuss the problem.

Milton Berkes, secretary of the supervisors, today said it is doubtful whether the township can require fencing of quarries. He

pointed out a previous ordinance passed in 1954 was ruled unconstitutional by the county courts on the grounds it was "unreasonable and discriminatory."

That ordinance only applied to quarries within 100 feet of homes or a road. The court held that owners of these quarries were being discriminated against since owners of other quarries were not required to fence them.

Berkes added that the "courts might consider it confiscatory" if the township required that all quarries be fenced since in some cases the value of the quarry might be less than the cost of fencing.

Added Measures

"The supervisors will consider requiring some type of additional safety precaution if we can't get fencing," Berkes said.

He explained these additional precautions might include signs, or possibly a part-time watchman at the quarries. But in any case police will be ordered to keep a close check on the

(Continued on Page 3, Col. 6)

Lake Tops Niccol For Union VP

The 11-year tenure of Anthony R. Niccol as vice president of Local 130, AFL-CIO United Auto Workers, was ended in a run-off election yesterday when the Kaiser Metal Products workers elected James Lake, 654 to 489.

Mr. Lake, a member of the union executive board, thus successfully challenged Mr. Niccol where two months ago he failed.

As burgess of Bristol, Mr. Niccol defeated Mr. Lake in the May 21 Democratic primary election to be nominated for a second term.

The vice presidency was one of five union offices run off yesterday because of the closeness of the Auto Workers' election June 13. John D. Dougherty at that time was re-elected president of the local, defeating Pat Green, 611 to 590.

Other Results

Other results yesterday were: RECORDING SECRETARY: Tom Facella, 521; Ed Corradetti, 594, elected.

TREASURER: Art Federici, (Continued on Page 3, Col. 2)

## Swift Run, Tackle Stop Theft Suspects

A 70 miles an hour chase and a flying tackle by former Simon Gratz High School football Chief Edward Wunsch, brought quick relief to three joy-riders in a stolen car in Lower Southampton Township yesterday afternoon.

Within an hour, the three 15-year-old Somerset boys were being interrogated in the Lower Southampton Township Police Station.

### Car Missing

Thomas J. Ohntrup, 17, Huntingdon Valley, discovered his car was missing from the Somerset Springs Swimming Pool at 4:05 p.m.

Five minutes later, Ohntrup was describing the stolen car to Officer John Englehart, Lower Southampton police, when the missing car speeded by them.

"That's it," Ohntrup shouted and the chase was on. Englehart and Chief Wunsch pursued the stolen car along Southampton Road. Philadelphia police had road blocks set up.

The stolen car was brought to a halt near Bustleton Pike. The youths scattered fast. The policemen pursued them.

Chief Wunsch raced 200 yards before he was able to haul down John W. Berger with a flying tackle.

Berger was questioned. A few minutes later, a second youth, Daniel R. O'Leary, was picked up as he headed back to the Somerset Springs Swimming Pools.

Later, Patrolman Kenneth Shoemaker, Philadelphia police, arrested William Gartner at his home in Somerset.

All three were turned over to Bucks County Juvenile authorities. O'Leary and Berger had committed previous offenses in Lower Southampton Township.

## Death Notices

**GEONNOTTI**—suddenly July 9, 1957, Joan Linda in her 8th year, beloved daughter of Lillian and Samuel Geonnotti, Jr., sister of Samuel, III, and Donna, maternal grand-daughters of Mr. and Mrs. Philip Stegner, Langhorne. Paternal grandparents are Mr. Samuel Geonnotti, Sr. of Philadelphia, and Mrs. Mary Geonnotti, of Philadelphia. The funeral will be held at 10 a.m. at St. Michael's Archangel Church, Interment, Our Lady of Grace Cemetery, Pottsville. Friends may call Friday evening at her residence. Arrangements by the Bradley Funeral Home, Pottsville.

**KUTZER**—at Croyston, Pa. July 9, 1957, Elizabeth, wife of the late Frederick Kutzer. Relatives and friends are invited to the funeral on Friday at 9 a.m. from Molder's Funeral Chapel, 133 Otter St., Bristol, Pa. High Mass at St. Thomas Aquinas Church, Croyston, Pa. at 10 a.m. Friends may call Thursday evening.

**MCCLOSKEY**—on July 9, 1957, Charles Howard, 5 years, sons of Charles R. and Dorothy Hendrickson McCloskey, Sr. 20 Thalhush Lane, Levittown. Besides their parents the brothers are survived by 2 sisters, Dorothy, 2 years, Diana, 7 months. The paternal grandparents are Mr. and Mrs. John J. Later, Levittown, Pa. Maternal grandparents are Mr. and Mrs. Howard Hendrickson, Philadelphia. Also surviving are the maternal great-grandparents, Mr. and Mrs. Joseph Hendrickson, Philadelphia. The funeral will be held at 10 a.m. at St. Michael's Archangel Church, Interment, Our Lady of Grace Cemetery, Pottsville. Friends may call Friday evening.

**MCFADDEN**—Patrick, July 9, husband of Mary, 84½ Poplar St., W. Bristol. Died after a 2 week illness at his late residence. Survived by wife, Mary, McFadden, 5 daughters, Leo, 1 son, Mrs. Samuel Gaglio, Mrs. Leo Divine, Mrs. Clinton Cope, Mrs. Russell Giffen, Mrs. Frank Pizzullo, all of Bristol. James McFadden of Parkland, Pa., 22 grandchildren, 6 great-grandchildren, relatives and friends and the Butler Makers Union No. 13, Philadelphia are invited to attend funeral Saturday 9 a.m. from Murphy's Funeral Home, 1002 Radcliffe St., Bristol. Solemn Requiem Mass 10 a.m. at St. Dominick's Church, Int. St. Dominick's Cemetery. Friends may call Friday evening.

## Apartment Building Site Is Announced

If borough council gives its approval, Morrisville will see a 14-story modern apartment building on East Trenton Ave. and Crown St.

That was the definite word today from Louis Cahan, Trenton builder, to Morrisville officials. The site had not been announced previously.

The builder further told borough officials that he is anxious to begin construction on the new building this fall.

A completely air conditioned structure with 700 rooms and 168 apartments, the building will be located a short distance from Trenton.

Borough officials stated they are anxious to get the building in the works and attract a "middle-aged business class of individual" for the new apartment.

### Location

The structure will be built on a plot of ground 135 by 148 feet on the old Elwald Estate.

Morrisville Borough Council President Nicholas Mislan has called a special meeting for July 23 to pave the way for the building.

At that session a zoning ordinance will be amended to create the zoning permission for the building. Present zoning restrictions prevent a building of this height in the borough.

**Last Restriction**  
Edward Mannix, chairman of the borough's ordinance committee, said the zoning amendment should be the final restriction to the building.

The council president said the building would offer three great advantages to the borough which include more families tied in to the sewer system, with lower rates for all; a great ratable for the borough which should lower individual taxes; and a greater tax income without adding a school problem because of the type of family, occupying the building.

## Union Blasts Co. Statement

A spokesman for the striking workers of the National Container Corp. today took exception to three points in yesterday's statement on the dispute by Paul R. Gilmore, manager of the strike-bound Bristol plant.

Henry Rodgers, business agent of Local 375, AFL-CIO International Brotherhood of Pulp, Sulphite and Paper Mill Workers, denied that the union broke an agreement, as asserted by Mr. Gilmore, in barring supervisory workers from the plant.

"We never gave any such commitment," Mr. Rodgers said. "When the company asked us if we said, 'You run the company; we'll run the union.'"

The union agent said the National Container Corp. remained a member of the Philadelphia Container Association until June 30, 1957, and has not been out of the Association "since last year" as Mr. Gilmore stated.

The strike started ten days ago when negotiations were successfully concluded between the Local and six Association members.

## Israel, Syria Resume Clash

**JERUSALEM, Israel (UP)**—The Israeli-Syrian border tension flared into action during the night when Syrian machinegun and rifle posts opened up for 15 minutes on border settlements, it was reported today.

An Israeli spokesman said the fire was directed at the border village of Gonen near the Sea of Galilee where Israeli and Syrian troops duelled for ten hours with artillery on Tuesday and exchanged some shots yesterday.

No Casualties  
No casualties were reported today.

## Lake Tops

(Continued From Page One)  
653, elected; Mike Zarill, 467, TRUSTEE; Red Sawyer, 639, elected; Gus Carnvale, 474, GUIDE; Joseph Olson, 525, elected; Bubs Paglione, 518.

## Bucks Scouts In Section 35

Bucks County's contingent of 200 Boy Scouts are spending their third day at the National Jamboree at Valley Forge today meeting brother scouts from the 48 states and 40 foreign countries.

They are also preparing for the official opening, tomorrow night, featuring a giant pageant with many Bucks Scout participating.

They arrived at the Jamboree by special bus Tuesday, and after a medical re-check set up their "49-er" tents, tables and sanitary facilities. The Bucks County Scouts are encamped in Section 35. The section leader is Ray Hoxworth, county scout executive.

Some 35,000 boys are attending the Jamboree. The important visitors will include President Eisenhower, who is honorary president of the Boy Scouts of America.

## Tullytown Police Get Own Brand of Cooler

Outlaws rounded up by the Tullytown police will literally go "in the cooler" from now on.

Workmen are installing a two-ton air conditioner, ordered by Borough Council, in the police station on the second floor of the Tullytown fire station, Fallsington Avenue.

## Drowning Tip Awarded \$5 In Contest

A sharp news sense gave Mrs. Pat Ragnoli, 25 Fleetwing Road, Bristol, the news tip award this week for calling in the drowning of a man in the Neshaminy Creek.

Mrs. Ragnoli was the winner of the \$5 prize as the Courier and Times were able to get reporters and photographers on the scene minutes after the incident.

The contest closed Friday of last week and you too can get in on the fun and possibly win a prize by hustling to the phone with a news tip for this week's contest.

Call the Courier and Times at ST 8-3325 or WI 5-1000 and ask for the news tip editor. Then sit back and await the judge's results on your story.

## Levittown Library Voted \$2,500

The Bristol Township Board of Commissioners moved last night to encourage residents to install curbs.

The board voted to waive the cost of curb permits if 51 percent of the residents of one block asked the township to install curbs.

The township, when petitioned, would install the curbs and then assess property owners on the street to pay for the project.

Eugene Kehoe, board president, said he felt the township would save money in the long run by waiving the fees. He explained that curbing would cut maintenance costs on township streets.

In other business the board voted to give \$2,500 to the Levittown Library. This contribution will be made after the commissioners name a member to the library board of directors.

William Carlin, township solicitor, told the commissioners they had to have representation on the library if they contributed to its support.

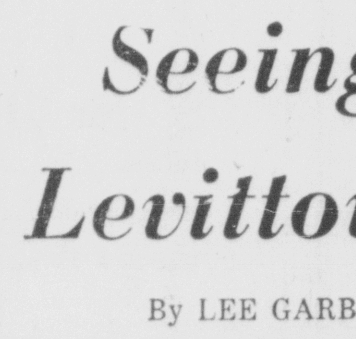

## Girard Case

(Continued From Page One)  
or legislation prevented carrying out the arrangement between the United States and Japan for trying soldiers who violated the laws of both.

"We find no constitutional or statutory barrier to the provision (of the agreement) as applied here," the opinion said.

"In the absence of such encroachments, the wisdom of the arrangement is exclusively for the determination of the executive and legislative branches."

The opinion carried as an appendix an affidavit on the facts of the case sworn to by Robert Dechert, general counsel of the Defense Department. This had been kept secret in the district court here which first heard the case.

## Seeing Levittown

There's a cement shortage... because of the strike. But we hear from our industrial reporter, Bob Reinhardt, that Larry Silvi of the building materials company in Tullytown said he's got "lots of cement." As he continued to speak reassuringly about his cache, Bob asked him where he's getting it. Larry answers "Oh, I can't give away trade secrets, but I've got lots of cement!"

Mrs. Inez Miller and Mrs. Rosamaine Schlaack, of Elm Lane have gotten an anti-beetle control program going on the street... they canvassed the neighbors and signed everyone up for a professional chlordane job at \$6 per home... the cheapest price they were able to get for the job they wanted.

Their only interest in this is their desire to be rid of the beetles... and now the Elderberry Women's Club is going to take up the idea of pushing the program through the section. Mrs. Schlaack is away now, but Mrs. Miller will be happy to help other sections organize the job and put them into contact with the chlor-

## Demos Run Police Chief For Sheriff

Sellersville Police Chief William D. Hammerschmidt is the Democratic nominee for Bucks County Sheriff in the November election.

Hammerschmidt was named the candidate at a meeting of the executive committee of the Democratic Party of Bucks County, last night.

### Eight Years

A Sellersville police chief for eight years, Hammerschmidt is president and an organizer of the Bucks County Police Chiefs Association. He was formerly an Ambler policeman.

Democratic County Chairman James Bowen announced Hammerschmidt's candidacy. "We are certain the party has a strong and capable candidate," he commented.

Hammerschmidt will be opposed by Republican Harold Dando in the November election. Dando was a state police officer for 25 years.

Chief Hammerschmidt was named the GOP choice for county sheriff as the result of a vacancy on the Democratic ticket caused by the death of former Bucks County Fire Marshall Raymond E. Strunk.

Strunk, who had been unopposed, died a few days before the primary election.

In the primary, Dando won the nomination over Deputy Sheriff Mellis Myers, Quakertown, who campaigned on an Independent Republican ticket.

Dando beat Myers by 5,104 votes.

### Hard Fight

Both Democratic and Republican leaders look upon Hammerschmidt as a strong candidate and expect a hard-fought battle.

Chief Hammerschmidt is 36 years old, married, and the father of two children, a son and daughter.

## Two Doctors Examine Man On Drunk Charge

A Philadelphia man had to have the word of two doctors on a charge of being under the influence of alcohol this morning.

Falls Township Police Officers Joseph Ruski and Edmund Brown arrested Harry Trucksess, 4539 North Fifth St. about 3:10 this morning.

Police said his car was weaving along the highway when they ordered him to stop.

Dr. William Cauffman, Levittown, said the man was under the influence of alcohol. The man asked for another medical opinion and Dr. Glenn W. Bricker also said he was under the influence of alcohol.

Trucksess will have a hearing on the charge today before Justice of the Peace John Melvin.

## Thornridge Group To Push Demand At Mass Meeting

(Continued From Page One)  
quarries and keep everyone away from danger areas.

Berkes said he also felt an educational program, to teach children dangers of gravel pits, should be conducted in schools and the summer recreational program.

Mr. Geonnotti said his son, Samuel, III, who was with the victims, gave a complete, coherent account yesterday of what happened.

### Riding On Raft

The father said the son told him and police that Charles McCloskey eight-year-old son of Mr. and Mrs. Charles McCloskey, of 20 Thalhush Lane, Thornridge, was riding on a makeshift raft.

The Geonnotti boy was pushing the raft, according to his father. He was followed by his sister, Joan Geonnotti, 6, and John McCloskey, 5.

Mr. Geonnotti said his son told him he hit a hole in the bottom of the lake and while floundering upset the raft with Charles. Samuel called for help and his sister rushed into the deep water to aid him.

The younger McCloskey boy also went in to help his brother.

Samuel said he climbed up on the raft and tried to paddle over to help his sister but couldn't make any headway so he was running into the water and swam to shore. In the meantime, he told his father, John McCloskey had reached an island about 50 feet from shore. But he pumped into the water again in another attempt to save his older brother.

**Saw Sister**  
Samuel told his father he saw his sister's head and shoulders on the water as he was running for help. He said he did not see the brothers.

The tragedy occurred in a gravel pit between Tullytown-Fallsington road and new Route 13 expressway. The Meredith Construction Company which has an asphalt plant nearby does not own the pit or conduct any operations there.

Funeral services for the boys will be tomorrow morning from the Beck-Dougherty Mortuary, Newportville - Fallsington Road. A solemn requiem mass will be celebrated in St. Michael's Roman Catholic Church, Levittown, at 9:30 a.m. Interment will be in Beverly N. J. National Cemetery.

Friends may call at the mortuary between 7 and 9 o'clock tonight. Services for Joan Geonnotti will be Saturday morning at her home. Mass of the Angels will be celebrated 10 a.m. at St. Michael's. Interment will be Our Lady of Grace Cemetery, Pottsville.

Friends may call at the Geonnotti home tomorrow evening.

In addition to their parents and sisters, Dorothy, 2, and Diana, seven months, the McCloskey boys are survived by their paternal grandparents, Mr. and Mrs. John J. Later, of 43 Copperbeach Lane, Crabtree Hollow, Levittown; their maternal grandparents, Mr. and Mrs. Howard Hendrickson, of Philadelphia, and an uncle, Howard Hendrickson, 15 Gentle Road, Goldenridge, Levittown.

Units of Trenton moved into Morrisville to stand by if needed. Two firemen were injured. Michael Ribarik, 9 Cypress Lane, Crabtree Hollow, Levittown, suffered a burn on his hand. He is a volunteer for Levittown 2.

Don Foose, Woolston Drive, Fallsington, received a cut hand and was treated at Mercer Hospital, Trenton.

**Cut Wires**  
Workers from the Philadelphia Electric Company were called to cut the wires from the building.

Before they arrived, firemen cut some of the wires to prevent greater damage from the sparks. Irvin Wurzel of Camden owns the building, which processes foam rubber into seat cushions.

## Khrushchev

(Continued From Page One)  
be clean bombs for dirty things? Bombs mean wholesale annihilation of children and women.

"What a contradiction to call dirty things clean?" Speaking extemporaneously before thousands of Czechs, he accused the ousted group of Soviet leaders led by Vyacheslav Molotov of opposing closer relations with Yugoslavia, among other things.

## Revival Slates Levittown Night

Tonight is Levittown Night at the Simpson Grove Camp Meetings at Trevose.

The Rev. Joseph Brookshire is the evangelist at the meetings held in the Simpson Grove pavilion at Trevose. The meetings are being held at 7:30 p.m. all this week.

## Helen Brenner Gets GOP Recount Victory

The final official tally in the recount in Bensalem Township for the Republican nomination for tax collector showed Helen Brenner defeated Margaret Gallagher 590-583.

## Twp. To Seek Talks On County Level

Bristol Township Board of Commissioners last night agreed to ask the county commissioners to call a joint meeting to discuss the condition of Mill Creek drainage area.

The commissioners took the action after residents of the Plum-Bridge and Mill Creek sections of Levittown presented petitions with nearly 400 names asking something be done about the creek.

**Health Hazard**  
Mrs. Dorothy Kerzner, spokesman for the residents charged that the creek is a health and safety hazard. She said the stagnant water is a breeding place for mosquitoes and there is the danger children might fall into the creek and drown.

The creek is owned by Levitt and Sons, Inc., who offered it to the county along with other creeks and drainage ditches in Levittown, last year. So far the county has not acted on the offer.

Township Commissioner Harold Lefcourt proposed that the township ask the county to set up a meeting with Middletown and Falls Townships as well as Bristol Township to discuss the drainage situation.

It has been proposed to make the creeks into park and recreation areas.

**Open Ditches**  
Several other persons complained of open ditches in the township. Peter Srein, of 34 Keystone Lane, asked the board to get the Levitt firm to take care of the ditch in Kenwood, Levittown.

He said the place is overgrown with weeds and is filled with stagnant water. Srein said it is the responsibility of the Levitt firm to keep the ditch open.

**Accept Eight Streets**  
In other business the commissioners accepted eight streets in the Sixth Ward. They are: Silvi, Willow, Oak, Elm, Maple, Greib and Main Avenues and Walnut St. The township will now be responsible for maintaining these roads.

The board also voted to change the names of numerous streets on the recommendation of the Street Numbering Committee. This is done to avoid duplication of names.

Commissioner Lawrence Mervine proposed that the board adopt a health and accident insurance policy for police officers. He cited the fact that one of the officers was injured in an accident while on the way to work. He has been unable to work and has not been drawing any pay for several months. Mervine said the township should do something to avoid this in the future.

Mervine also proposed that a commissioner be appointed representative to the county board of commissioners. Mervine was then appointed to the post and said he would attend the weekly meetings of the county board.

## Aga Khan

(Continued From Page One)  
it is believed his choice will be found in his will.

The venerable religious, spiritual and political leader, whose followers weighed him in gold, diamonds and platinum on appropriate anniversaries, was a heavy set man of well over 200 pounds in his prime.

Estimates of his wealth ranged up to more than a billion and a half dollars but when queried about his great holdings he only laughed.

## Births

### COMMITTEE MEETING

The Planning Committee for the restoration of Historic Fallsington has scheduled a meeting at the home of Mrs. Robert Bidle III, Mt. Eyre Road, Dolington, today.

Each CD worker will be called and be required to pass the information to other designated workers.

In addition the radiological and communications units of the Middletown council will track simulated "fallout" from a "bomb blast." The information will be reported to residents by public address systems.

Bristol Township volunteers will go through "operation confusion" in an effort to show residents what the situation would be like if there were no CD units to take charge, it was announced by Clarence Bixler, CD director.

**No Special Drills**  
In Falls Township police will stop all vehicular traffic and the routine signals will be sounded. There are no special drills scheduled, according to Maurice Shull, civil defense director, except in the case of routine evacuation and shelter.

No special drill is planned for Morrisville but borough policemen will stop all traffic during the take cover period.

On hearing the alert signal, Tullytown Civil Defense workers will man their radios and stand by for other duties, under Borough Civil Defense Director Alan R. Nay.

Mrs. Clare Green, radio officer, said five persons will report to the radio headquarters at her home, 17 Little Lane, Lakeside, Levittown, for instructions. Radios at the Lakeside base and in one or more cars will communicate with county Civil Defense headquarters in Doylestown.

Further plans for Tullytown's part in the drill will be made at a meeting tonight.

Mr. and Mrs. Perry Appleby, 206 Wyandotte Road, Fairless Hills, girl.

Mr. and Mrs. Richard Davis, 10 Victoria Lane, Levittown, girl. Mr. and Mrs. Joseph D'Oria, 338 Penn St., Bristol, boy. Mr. and Mrs. Charles Horne, E. a s t e r n Dawn Trailer Park, Langhorne, girl. Mr. and Mrs. Clarence Rogers, 55 Quaker Hill Road, Levittown, girl. Mr. and Mrs. John Schramm, 822 Glenmar Road, Fairless Hills, boy. Mr. and Mrs. Aloysius Shermanski, 25 Geranium Road, Levittown, boy. Mr. and Mrs. Herbert Vock, 43 Middle Road, Levittown, girl.

## Further Study On Sewers Promised, \$1400 Cost Seen

### Zone Law Would Bar Station Plans

The Morrisville Borough Council has approved a zoning ordinance setting up certain restrictions for businesses which is designed to keep a service station out of the Morrisville Shopping Center.

At its meeting this week, council unanimously approved the ordinance which would control the building of a such a service center.

#### Plan Corner Lease

The Morrisville Shopping Center has attempted to lease a corner of the Shopping Center at Trenton and Pennsylvania Aves. for a service station.

This zoning ordinance provides space distances and height restrictions which the original plans of the service center were not able to meet.

An appeal must be made by the Shopping Center to the borough's zoning board of adjustment for a direct waiver of the ordinance restrictions.

### Boro To Add New Officer

A new officer will shortly be added to the Morrisville police force to allow all borough policemen a work week of 40 hours.

The policemen have been working 44 hours a week for a fixed salary which starts at \$4,000 and goes up according to the number of years on the force.

Under the new setup, when the extra policeman is added, the officers will be paid the same salary for a 40 hour week that they have been receiving for 44 hours.

A bill to place a maximum of 40 hours of work a week for all borough policemen is expected to be acted upon shortly by Gov. George Leader.

The new policeman will be placed on the borough's force on a temporary basis.

Two candidates are on the civil service rolls of the borough and the new officer will be selected from these two eligible candidates.

No date has yet been set for the addition of the new officer.

### Couple Finds Missing Son

NORRISTOWN, Pa. (UP)—An elderly New York couple who were joyfully reunited with their lost son in a mental hospital here Wednesday said they plan to stay until their son recovers.

The parents, Mr. and Mrs. Harry A. Newton, both 68, had a tearful reunion with their son, Victor, 37, at Norristown State Hospital where he has been a patient for the past three years.

Victor, a graduate engineer, disappeared more than four years ago when he resigned his job as a salesman in Chicago, leaving his parents without a clue to his whereabouts.

The Newtons tried many means to locate their son, including posting \$500 reward for any information about him.

Finally, in desperation, the parents decided to give up their apartment in New York and tour the nation in search of their son. They bought a trailer, attached signs carrying Victor's picture, and started a city-to-city quest.

Two alert nurses at the institution here, learning of the couple's search, notified them of an unidentified patient who might be their son. They were in Wilmington, Del., when notified and drove to Norristown and immediately recognized the "nameless" patient as their lost son.

Victor told his parents his hospital records list him as having "no relatives" because he did not want them to learn of his plight.

### Rec Smacker

Participating in the Falls Township Recreation Program at the Penn Valley School is Tom Dolan of Levittown. The lad is getting set to tee off with a croquet mallet. (Courier and Times Photo)

### Supervisors Give Report To Civic Unit

The Lower Makefield Civic Association was promised "further study" by the township supervisors on the sewer question before any action is taken.

Supervisors Claude Johnson and Harry Hoffman attended a meeting of the civic group and reviewed the progress of the sewer study.

#### Average \$1400

The supervisors indicated at the meeting that sewers would probably cost the average Makefield family about \$1400 under the present plans of study.

Henry Hoffmeister, president of the civic group, said the supervisors answered all questions from the members on the sewer study.

"They promised no action would be taken before all the facts on the sewer question are in and that would be at least several months," Mr. Hoffmeister reported.

#### 1700 Homes

The Makefield Civic Association represents 1700 homes in the area.

Mr. Hoffmeister said the association would be kept informed of all the actions of the supervisors and the information disseminated through the individual tracts.

Lower Makefield officials have met with officials from Falls Township and Morrisville in an attempt to gather information on the problem.

Further information will be available for the association at its next meeting in August.

#### EVEN NAMES CHANGED

MOSCOW — UP — Three administrative areas in the Soviet Republic of Kazakhstan named after dismissed Soviet Presidium members Lazar G. Kaganovich and V. M. Molotov have changed their names. Two of the areas were named for Kaganovich and one for Molotov.

Thirteen pieces in a "baker's dozen" originated when King Louis of France warned all bakers who gave under measure that they would be beheaded.

### New Passport Rules Asked

WASHINGTON (UP)—Congressmen called today for tightening of passport rules to prevent such cases as suspected spies slipping out of the country.

Assistant Attorney General William F. Tompkins meantime made plans to fly to France in a personal effort to obtain extradition of an accused American husband-and-wife spy team. The couple — Russian-born George Zlatovsk, 47, and his American-born wife, Jane, 45 — were indicted Monday on charges of spying for the Soviet Union.

Legislators Upset

Legislators were upset because Mrs. Zlatovsk managed to get a passport which let her slip out of the United States even though the FBI was wise to the couple's alleged activities.

### New Civic Association Officers

Officers of the Makefield Civic Association were installed at a recent meeting of the civic group in Township Hall. The new officers (from left) Robert A. Smith, secretary; Kenneth Paul, treasurer; Henry Hoffmeister, president;

John Eckel, vice president; and Andrew Keefe, advisor. Ross Bennington, vice president, is not shown. (Courier and Times Photo)

### 14 More Get Speed Tickets

In the second day of operation of a speed trap in Morrisville, 14 more speeders were tagged in the borough and Chief John S. Davis said "it's only the beginning."

In the first day of operation of the speed trap, more than 20 speeders were tagged in the operation.

The borough police are now using a new walkie-talkie operation purchased last week. Under the system two policemen stand a measured distance apart armed with stop watches.

A third officer tags the drivers in an assembly line operation.

"We will continue the operation of the speed traps until we can slow down some of the drivers zooming through the borough."

"The borough speed limit is 25 miles an hour and anyone driving over the limit will be stopped," the chief said.

The speed traps will be spotted at various places throughout the borough to catch the speeders, the chief said.

Chief Davis worked the speed traps with officers Stanley Naprawa and Joseph Cavanaugh in the first two days.

Fines of \$10 and costs are levied against the offenders.

"Yankee" comes from the Dutch word "yanku" meaning to snarl.

### Street Extension's 'Obvious Entry' Set

With the months of council haggling completed, "obvious entry" to Morrisville's Washington Street will be made in the next few days.

This "obvious entry" is a legal necessity which gives the borough the actual beginning to the construction.

All that is needed for "obvious entry" is a temporary cutting of ground but little of the actual construction work.

Bob Steward, Morrisville borough secretary, said the actual work on cutting the new street from Bridge to Union will not be started for several weeks.

"We have a great many other projects under construction now and won't start the actual construction on this unless council orders it," the secretary said.

Construction work on the new street will take about two months and cost the borough approximately \$20,000.

Once the street is completed, negotiations to attract new business into the area will begin.

The parking yard, which was an essential part in the street extension problem, is considered a vital factor in attracting business.

#### Hills State Policeman Assigned To Jamboree

Cpl. Keith Dane of the Fairless Hills barracks of the State Police, has been assigned to the Boy Scout Jamboree at Valley Forge. Cpl. Dane left Monday and will work out of the Belmont barracks for two weeks during the scouting event.

#### MICHIGAN'S SUGAR BEETS

Michigan's first sugar beets were imported by Dr. R. C. Kedzie, who became professor of chemistry at Michigan State University in 1863.

### Pay Raise Is Retroactive

A five per cent across the board pay raise voted this week by the Morrisville Borough Council is retroactive to July 1.

More than 30 borough employees will come in for the pay raise which amounts to about \$33,000.

The raise was figured on a strict five per cent increase with some workers being raised to higher status in the job classifications as an additional increase.

The pay raise was enacted on a unanimous vote of all members of council.

#### WATER NO CHASER

SAN DIEGO, Calif. (UP)—The state Alcoholic Beverage Control Department ruled that liquor could be sold throughout the day here despite an election on a 35-million-dollar bond issue for an aqueduct. The board agreed that a water district vote didn't constitute a political election.

Foxes apparently have achieved their guile by matching wits with man, their only enemy, according to the Encyclopedia Britannica.
